The Secretariat of the International Atomic Energy Agency (IAEA) presents its compliments to the IAEA's Member States and has the honour to draw their attention to the **Technical Meeting on Nuclear Security Infrastructure for New Nuclear Power Programmes** (hereinafter referred to as "event") to be held at the IAEA's Headquarters in Vienna, Austria, from **16 to 19 July 2024**.

The purpose of the event is to share lessons learned and good practices around the development of nuclear security infrastructure for new nuclear power programmes. The meeting will provide an opportunity to present a new IAEA Technical Document in this area and allow Member States to share case studies. Additionally, the meeting will allow the Department of Nuclear Safety and Security to present a new project and approach for supporting the development of nuclear security infrastructure consistent with the IAEA's Milestones approach.

The attached Information Sheet provides further details of the event.

The event will be held in English.

Member States are invited to designate one or more participants for this event. Member States are strongly encouraged to identify women participants.

The IAEA is generally not in a position to bear the travel and other costs of participants in the event. The IAEA has, however, limited funds at its disposal to help meet the cost of attendance of certain participants. Upon specific request, such assistance may be offered to normally one participant per country, provided that, in the IAEA's view, the participant will make an important contribution to the event. The application for financial support should be made at the time of designating the participant using the attached Grant Application Form (Form C).

It should be noted that compensation is not payable by the IAEA for any damage to or loss of personal property. The IAEA also does not provide health insurance coverage for participants in IAEA events. Arrangements for private insurance coverage on an individual basis should therefore be made. The IAEA will, however, provide insurance coverage for accidents and illnesses that clearly result from any work performed for the IAEA.

Designations should be submitted to the IAEA through the competent national authority (Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority) not later than **10 May 2024** using the attached Participation Form (Form A). Completed and authorized Participation Forms should be sent either by email to: Official.Mail@iaea.org or by fax to: +43 1 26007 (no hard copies needed). Copies should be sent by email to the Scientific Secretary of the event, Mr Vsevolod Igin, Division of Nuclear Power, Department of Nuclear Energy (Email: V.Igin@iaea.org), and to the Administrative Secretary, Ms Valentyna Dzyubenko (Email: V.Dzyubenko@iaea.org).

The Scientific Secretary of the event will liaise with the participants directly concerning further arrangements, including travel details, as appropriate, once the official designations have been received.

The Secretariat of the International Atomic Energy Agency avails itself of this opportunity to renew to the IAEA's Member States the assurances of its highest consideration.
