Subject: Joint ICTP-IAEA INPRO School on Strategic Planning for Sustainable Nuclear Energy, 12-16 June 2023, ICTP, Trieste, Italy

Dear Colleagues,

We would like to draw your attention to the Third Joint ICTP-IAEA INPRO School on Strategic Planning for Sustainable Nuclear Energy, which will be held in the Abdus Salam International Centre for Theoretical Physics (ICTP) in Trieste, Italy, from 8 to 19 July 2024.

This year, a two-week advanced course will be offered, providing participants with a more in-depth examination of the challenges related to the sustainability of nuclear energy systems. It aims to develop the competencies necessary for strategic planning in sustainable nuclear energy. The course will enhance participants' knowledge and skills through hands-on training on the INPRO tools.

Interested persons can apply for participation in this INPRO School on the event page:

<https://indico.ictp.it/event/10495>

The deadline for applications **1 April 2024**.

Read more about INPRO School at <https://www.iaea.org/services/education-and-training/training-courses/school-on-strategic-planning-for-sustainable-nuclear-energy-inpro-school>

Please feel free to share this email with other interested individuals and organizations.

Best regards,

International Project on Innovative Nuclear Reactors and Fuel Cycles (INPRO)
