Subject: IAEA/ESTRO Training Courses in 2019

Dear National Liaison Officer/National Coordinator,

I am pleased to invite you to send nominations of suitable candidates to participate in the IAEA/ESTRO Training Courses scheduled in 2019 within the framework of the IAEA technical cooperation project RER6036, "Improving Radiotherapy Practices for Advanced Radiotherapy Technologies Including Quality Assurance and Quality Control". Selection of participants will be in accordance with IAEA procedures.

The attached list with information provides further details.

The IAEA will provide selected participants with a round-trip air ticket based on the most direct and economical route between the airport nearest the participant's residence and the venue of the event. Travel details will be agreed with the participants upon receipt of their official nomination. Participants will also receive an allowance from the IAEA sufficient to cover their costs of lodging, daily subsistence and miscellaneous expenses for the duration of the event in line with IAEA rules and procedures.

We would appreciate receiving your country's nominations **by corresponding deadline in the list starting with the first one on 1 April 2018** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Should this not be possible, applicants may download the Nomination Form for the course from the IAEA's webpage. Completed forms must be endorsed by the relevant government authority and may be sent to the IAEA, preferably by email to Official Mail - IAEA Mail address Official.Mail@iaea.org, with copy to Ms Mayumi Yamamoto, M.Yamamoto@iaea.org. Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

Mayumi Yamamoto

Programme Management Officer

Division for Europe

Department of Technical Cooperation

Schedule of IAEA/ESTRO Courses in 2019 under the Regional TC Project RER/6/036

TITLE	COURSE DATES / LOCATION/ NOMINATION DEADLINE	SELECTION CRITERIA
<p>SP-RER6036- 1806745</p> <p>IAEA/ESTRO Comprehensive Quality Management in Radiotherapy – Risk Management and Patient Safety</p>	<p>18-21 February 2019</p> <p>Moscow, RUSSIAN FEDERATION</p> <p>Deadline: 10 December 2018</p> <p>“Cancelled”</p>	<p>The IAEA will support radiation oncologists, medical physicists, radiation technologists, quality managers and any other health professional interested in risk management and patient safety.</p> <p>This course is part of a two-year cycle on quality management in radiotherapy, consisting of two complementary modules:</p> <ul style="list-style-type: none"> • Risk management and patient safety • Quality improvement and indicators. <p>The simultaneous translations in Russian language will be offered.</p>
<p>SP-RER6036-1806747</p> <p>IAEA/ESTRO Training Course on Target Volume Determination – from Imaging to Margins</p>	<p>2-5 June 2019</p> <p>Greece, ATHENS</p> <p>Deadline: 1 April 2019</p>	<p>The IAEA will support trainees in radiation oncology and radiotherapy physics with at least one-year experience, diagnostic radiologists with an interest in cancer imaging and radiation therapists (RTTs) with special interest in contouring and treatment planning.</p>
<p>SP-RER6036-1806751</p> <p>IAEA/ESTRO Training Course on IMRT and Other Conformal Techniques in Practice</p>	<p>2-6 June 2019</p> <p>Budapest, HUNGARY</p> <p>Deadline: 1 April 2019</p>	<p>The IAEA will support radiation oncologists (or last year residents in radiation oncology) and radiotherapy physicists involved in the implementation and clinical use of advanced techniques in their department. Basic knowledge of radiation physics is a prerequisite, experience in CT-based treatment planning is required. The applicants will preferably be ‘graduates’ of the ESTRO course on ‘Physics for Modern Radiotherapy’ or an equivalent training in radiation physics. Min. 2 years professional experience in radiotherapy physics is needed.</p>

TITLE	COURSE DATES / LOCATION/ NOMINATION DEADLINE	SELECTION CRITERIA
SP-RER6036-1806752 IAEA/ESTRO Training Course on Evidence Based Radiation Oncology	24-29 June 2019 Montpellier, FRANCE Deadline: 29 March 2019	The IAEA will support radiation oncologists (final years residents and specialists), who would like to update their knowledge on current clinical practice in major treatment sites.
SP-RER6036-1806755 IAEA/ESTRO Training Course on Advanced Treatment Planning	22-26 September 2019 Budapest, HUNGARY Deadline: 3 June 2019	The IAEA will support medical physicists working in the treatment planning area. The participants should have minimum two years of practical experience in radiotherapy physics using treatment planning systems. A good medical physics background is required.
SP-RER6036-1901409 IAEA/ESTRO Training Course on Comprehensive Quality Management in Radiotherapy – Quality Assessment and Improvement	13-16 October 2019 Dublin, IRELAND Deadline: 8 July 2019	The IAEA will support radiation oncologists, medical physicists, radiation therapists (RTTs) and hospital/department administrators, who may be engaged in quality management in radiotherapy. Heads of departments and team leaders highly encouraged.
SP-RER6036-1806757 IAEA/ESTRO Training Course on Best Practice in Radiation Oncology - Train the RTT (Radiation Therapists) Trainers – Part II	14-16 October 2019 Vienna, AUSTRIA Deadline: 15 July 2019	The participants (Member States) for Part II should have participated in Part I. This is a two-year project and Part II is a follow-up of the first part to demonstrate achievements. <ul style="list-style-type: none"> • Participants should represent or collaborate with the academic and clinical staff and the radiotherapy representative of their national society (if present in the country). • Participants must be familiar with the current national education programme for radiation therapists (RTTs). • Participants should commit to initiate liaison with the national education provider; prepare appropriate documentation; attend and evaluate the two face-to-face courses; maintain communication with the faculty in the interim period and design, deliver, evaluate and provide feedback on a series of educational initiatives over a three-year period.
